Disc Golf Information

Bob McCormick- Disc Golf Manager
Phone: 891-5332
Location: Tom Brown Park

Tallahassee Parks and Recreation is proud to announce the first 18-hole disc golf course. The disc golf course was installed on April 20th 2002, with the help of volunteers. The course has some elevation changes which are very unusual for Florida. Three holes play through the woods and the rest of the course is open with large oaks and pines trees on the fairways. After a good rainy day, there are two water hazards that come in to play.

The average distance per hole is 299.28ft. from the Pro tees, totaling 6927ft and the distance for the Amateurs is 5387ft. Disc golf is played similar to ball golf. The least amount of throws wins the hole.

However, there are special Frisbee discs or "disc golf discs" made for the game. Some players will carry a bag with many golf discs in it, similar to ball golfers who carry a bag of golf clubs. Each disc is used for a specific throws, like drivers, mid range and putters. For instruction on how to play the sport, the rules board will

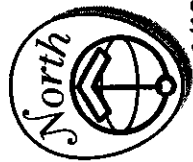

assist players on how to play the game.

The citizens of Tallahassee have taken to disc golf with great enthusiasm. The course is very player friendly, and disc golf is a sport that the entire family can play, no matter the age. This is a great way to meet people, get some exposure to the sun, and exercise. Leagues and other organizations have formed around the disc golf course and hold mini tournaments on a regular basis. You can check the message board by hole one for details and up coming events.

Disc Golf Course Rules

- ④ Disc golf is played like ball golf, but your using a flying disc. One point is counted each time the disc is thrown and when a penalty is incurred. The object is to acquire the lowest score.
- ④ Tee throws must be completed within or behind the designated tee area.
- ④ After the tee-off the thrown disc must be left where it came to rest until a marker disc is placed on the playing surface between the hole and the disc, directly in line with the hole, touching the thrown disc.
